LESSON 2: Portrait Drawing

Let Us Learn

Look at the drawing.

Observe the lines and shapes used in the drawing.

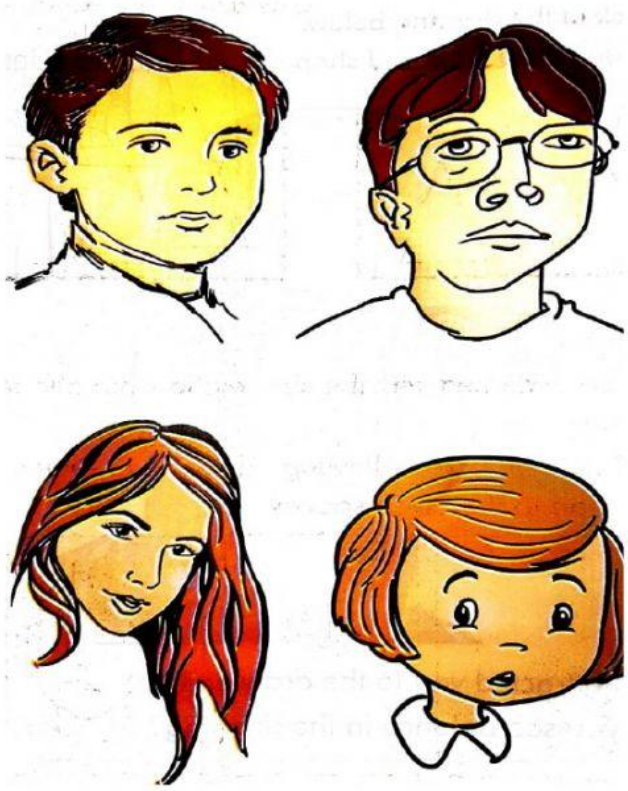

What attracted you to the drawing?

What can you say about the artwork?

Portrait Drawing

is a representation of oneself or others through drawing?

An artwork uses lines and shapes to show character and facial features such as **face, eyes, lips, nose, and hair.**

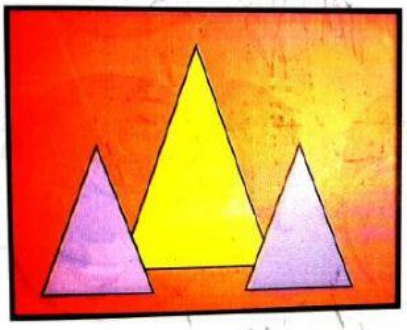

LIVEWORKSHEETS

Principles of Art

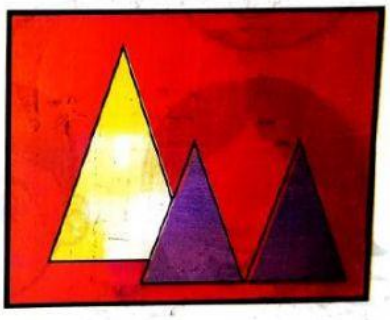

1. Balance

Observe the two examples of balance.

Formal Balance
Both sides are equal

Informal Balance
One side is not equal to the other side

2. Proportion

It is concerned with the size relationship of one part to the other.

Which of the following drawings shows correct proportion to the given space?

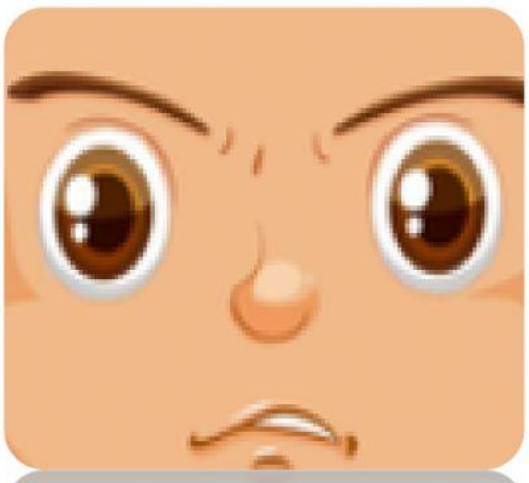

LIVEWORKSHEETS

Choose what emotion are you feeling right now.

Happy

Sad
