EXERCISE 2

READ THE TEXT AND CHOOSE TRUE OR FALSE TO ANSWER THE QUESTIONS

Cheetahs are the fastest animal in the land. They can run 70 miles an hour which is faster than a car.

Cheetah are carnivores because they love to eat rabbit, deer and birds. Also, cheetahs' body are covered with black dots that help them to hide in the grass.

These fast animals live in Africa and a little in Asia. It is important to not hurt cheetah because there are not many left in the world.

1. cheetahs are the longest animal in the land TRUE FALSE
