## About me

I'm really <sup>1</sup>into technology. I always have my tablet with me so I can <sup>2</sup>\_\_\_\_\_ online whenever I want. It's brilliant for listening <sup>3</sup>\_\_\_\_\_ music. I can <sup>4</sup>\_\_\_\_\_ songs that I like from the internet, and I've just got some new <sup>5</sup>\_\_\_\_\_, so I can listen on the bus on my way to school. It's also got a really good camera. I often take photos and <sup>6</sup>\_\_\_\_\_ them with my friends online. I haven't got a <sup>7</sup>\_\_\_\_\_ stick though – I don't often take photos of myself. I send a lot of instant <sup>8</sup>\_\_\_\_\_ to my friends and I sometimes <sup>9</sup>\_\_\_\_\_ games, but not very often. My brother loves games, but he only likes really modern ones, not <sup>10</sup>old-\_\_\_\_\_ ones.
