

PRESENT SIMPLE TENSE II

When you use the Present Simple tense in negative form, you need an auxiliary verb: do or does and the word "not". That will depend on the pronoun you use.

I	don't	study	Maths
You			
We			
They			
He	doesn't		
She			
It			

The verb remains in its simple form, so it mustn't be changed anyway.

Activity 1: choose the right word to complete negative sentences

- 1) I **don't** / **doesn't** watch horror films at night
