

Read the passage carefully and **click the correct answer.**

Miss Lim taught the class how to grow bean sprouts from beans. ¹**She** gave each pupil three beans at the end of the lesson.

" Take these beans home to grow. Show me your sprouts next week, " Miss Lim said.

Selina could not wait to grow the beans. The moment she got home, she put a layer of wet cotton wool in an **empty** jar. ²**She** placed the three beans in the jar.

" Beans need air, sunlight and water to grow, " Selina told her mother **proudly**. She placed the jar near a window.

Selina would run to the jar and look at her beans when she came home from school every day. Finally, she saw tiny white shoots sprouting from the beans.

" The beans have sprouted ! " shouted Selina.
