

\_\_\_\_\_ is such a cool time of the year. Of course it is \_\_\_\_\_ because the \_\_\_\_\_ drop after summer. But it is also cool because it's such a great time of the year. I love the \_\_\_\_\_ of the leaves. The different autumn colours are one of nature's most beautiful scenes. Sometimes I can't stop looking at the \_\_\_\_\_ near my house. They are like an artist's palette of golds, reds, yellows, browns and other autumnal colours. In America they call autumn 'fall' because that is when the \_\_\_\_\_ fall from the trees. I like the \_\_\_\_\_ of autumn. Summer is over but you can still wear a \_\_\_\_\_ – just about. You can also spend hours outdoors without sweating. Autumn is the best time of the year to go \_\_\_\_\_ and go for long walks.
