

# Repaso de matemáticas

Arrastra cada punto a la coordenada indicada.

● (0.4 ; -0.7)

● (-0.5 ; -0.4)

● (-0.9 ; 0.3)

● (0.1 ; 0.6)

● (-0.3 ; 0.7)

● (-0.2 ; 0.8)

Selecciona el signo >, < o = según corresponda.

|                  |  |                 |
|------------------|--|-----------------|
| ❖ 0,458          |  | 0,47            |
| ❖ 1,46           |  | $\frac{12}{10}$ |
| ❖ $\frac{18}{3}$ |  | $\frac{26}{3}$  |

|                 |  |               |
|-----------------|--|---------------|
| ❖ 0,2           |  | 0,20          |
| ❖ $\frac{7}{5}$ |  | $\frac{2}{4}$ |
| ❖ $\frac{1}{7}$ |  | $\frac{8}{7}$ |

Escribe la respuesta de cada operación.

$$\bullet \quad \frac{4}{15} + \frac{5}{15} = \boxed{\phantom{00}} \quad \bullet \quad \frac{6}{8} - \frac{3}{8} = \boxed{\phantom{00}} \quad \bullet \quad \frac{6}{10} + \frac{1}{10} - \frac{2}{10} = \boxed{\phantom{00}}$$

$$\bullet \quad \frac{5}{4} \times \frac{10}{7} = \boxed{\phantom{00}} \quad \bullet \quad \frac{2}{7} \times \frac{5}{4} = \boxed{\phantom{00}}$$
$$\bullet \quad \frac{2}{11} \times \frac{10}{5} = \boxed{\phantom{00}} \quad \bullet \quad \frac{7}{9} \times \frac{5}{11} = \boxed{\phantom{00}}$$

Relaciona cada figura con su área correspondiente.
