Travel and me

This month we asked Harry some questions about travelling.

Do you enjoy travelling?

I enjoy travelling when I'm going on holiday, especially if I'm going somewhere where I can understand a bit of the language. When I'm travelling in a new country, I love looking out of the window of a train or car and seeing how different everything is. But I don't like travelling to school. It's crowded on the bus and the traffic is very slow in the morning.

What's your favourite type of transport?

It's fun going on a plane, but I'm not a fan of waiting for ages at the airport. I like going by boat, too. But once, my uncle took me on the back of his motorbike. That was scary, but brilliant. It's the best way to travel, I think.

Where are you going this year?

In August, my family's going to Edinburgh. It's a beautiful historic city in Scotland. There's a big festival on, and we go every year. This year, my best friend's family is coming with us. There are lots of concerts and plays and comedy shows to go to.

What do you usually take with you when you go travelling?

I always have a bottle of water with me. I also take my phone. I call my friends, of course, but I also use it to write a blog about my travels. I play games on it and I often use a maps app. I leave my laptop at home, but I take my camera. It takes better photos than my phone.
