Drag and drop the correct answer.

1. Why do you think Lisa's father said she could weave straw into gold?

2. Do you think Lisa will succeed?

3. What is your opinion of the King?

4. Is it possible to spin straw into gold? Why?

It is impossible because we know that straw and gold are two different things.

She will not succeed since she didn't have ability to make it happened.

In my opinion, the King is a mean person because he told that Lisa will be punished if she couldn't turn straw into gold.

He said that because he showed off to tell King that her daughter is the best and could do anything that is impossible.
