Julia

In my family, we really enjoy watching films. Mum and I always choose love stories. Sometimes they are so sad! On Friday nights, my dad and I usually watch old films about cowboys in America. I like all the horses! But my favourite films are the really exciting ones with interesting stories. You don't know who the bad people are until the end.

Mariano

I go to the cinema with my friends every weekend. I like films about places that aren't real – places you can imagine where strange things happen. We all enjoy funny films, too. It's good to laugh! But the films I like best don't have real characters in them. Experts at Disney and other companies draw everything you see on the screen. They're amazing, and not just for kids.
