93 million miles - Jason Mraz

Choose the correct option

93 million miles from the sun / moon
People get ready, get ready
'Cause here it comes it's a light
A wonderful / beautiful light
Over the horizon into your eyes
Oh, my, my
How ugly / beautiful
Oh my beautiful mother
She told me
Son in life you're gonna go far
If you do it right
You'll love where you are
Just know that wherever you go
You can never / always come home
240 thousand miles from the moon
You've come a long way to belong here
To share this view of the day / night
A glorious night
Over the horizon is another bright sky
Oh, my, my
How beautiful
Oh my irrefutable father
He told me
Son sometimes / never it may seem dark
But the absence of the light is a necessary part
Just know, that you're never / always alone
You can never / always come back home
Oh oh oh
Oh oh oh
You can sometimes / always come backback
Every road is a slippery slope
There is sometimes / always a hand that you can hold on to
Looking deeper through the telescope
You can see that your homes inside of you
Just know, that wherever you go
No you're never / always alone
You will never / always get back home
Oh oh oh
Oh oh oh
Oh oh
Oh oh oh
Oh oh oh
Oh oh
93 million miles from the sun
People get ready, get ready
'Cause here it comes it's a light
A wonderful / beautiful light
Over the horizon into our eyes
