**Revision – Practice 4**

A) **The Timeline**. Label the Timeline tools below by dragging the correct answer.

Playhead	Layers	Keyframes	Timeline
Onion Skins	Frames per second	Playback Controls	

B) **Storyboard**. Arrange the following steps correctly by writing **1, 2, 3 and 4**.

4 ways to create a Storyboard:

	The sketch the copied and coloured using a graphics or animation application.
	The animation is then exported as a movie.
	Sketch a storyboard using a paper.
	An animation or video application is then used to move the objects in different ways.
