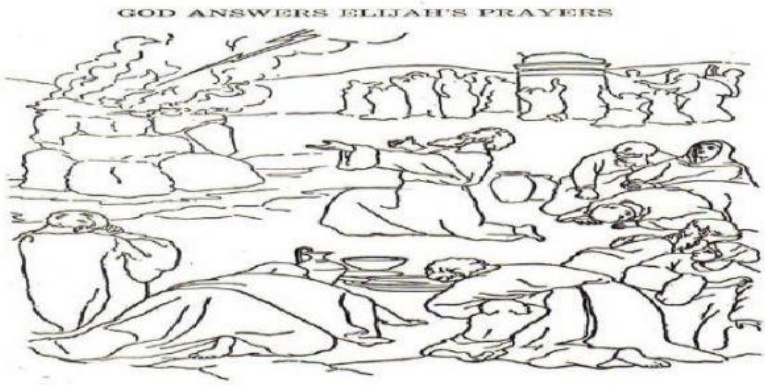
Total Marks : 10



SECTION A: Read the curriculum notes below. Complete the assignment which follows.

God is a supreme being. The word **supreme** means highest in rank or authority. God is exalted high above all spiritual and natural beings. There is no authority or power higher than that of God. God is supreme in knowledge and wisdom. The supremacy of God is revealed in the Holy Scriptures. I Chronicles 29:11 & 12 describe God as being the Head above all things. Proverbs 21:30 states that God's wisdom cannot be compared to any other god or human being. II Chronicles states that He rules over the kingdoms of the nations (II Chronicles 20:6).

In a contest on Mount Carmel, God used the Prophet Elijah to demonstrate to King Ahab and the prophets of Baal that He was indeed the only true God. (I Kings 18).

God's supremacy should be acknowledged and reverenced by mankind. Human beings should reverence God through prayer, worship and praise. Individuals should always acknowledge their total dependency on God.
