Proofread the journal entry. Identify the five misspelled words and write them correctly on the lines below.

Yesterday I went on my kumputer to complete my homework. It was on the pirates and buckonears. During my research, I diskoved that one of the buttons on my keybored was not working properly. At first I was upset, then I remembered it was my fault. My pet kitin had jumped onto my lap when I least expected it and I hit that button. Thankfully, my older brother promised to fix it for me.
