

Work sheet Parameters of bond

Match the following:

- | | |
|---|--------------------------------|
| 1. Bond order | Identical bond orders |
| 2. Bond angle | Bonded atom |
| 3. Energy required to break the bond | Nonbonded atom |
| 4. Isoelectronic species | No of bonds |
| 5. Van der waals radii | Around the central atom |
| 6. Covalent radii | Bond enthalpy |
