Mark true statements. Correct the wrong ones:
Craig was about fifty-five years old.
Craig liked his new colleagues.
Craig's job was to repair the tunnels.
Only Craig could hear voices and music in the tunnel.

Put the events in the correct order:

Craig fell down and hit his head	
The workers finished their work and went away	
Craig crawled into the Old Church station	
Craig found himself locked on the station	
The supervisor asked him to pass a message	
Craig was late for work	
Craig found the workers in the tunnel	
Tommy helped Craig	
Craig fell asleep	

Why was Tommy silent?

What have you learnt about Elsa?
