UNIT 3 – LONG AGO AND TODAY
GENERAL REVIEW WORKSHEET

NAME: _____

DATE: _____

1 Read. Circle the correct words.

Video games / *Electric lights* are very important. If we have them in our home, then we can see at night. Having electricity also means we can use refrigerators, computers, TVs, and other *modern* / *old-fashioned* things that make *life* / *towns* easier. Microwaves and dishwashers, for example, help us do *chores* / *fires* such as cooking meals and washing dishes. Did you know that 1.4 billion people in the world don't have electric lights? Life is more *modern* / *difficult* for them. To get hot water, they have to make a *fire* / *chore*. If they don't live in a *life* / *town* or city, then there might not be a hospital or a bank near them. However, *life* / *things* are easier for them if they have a cell phone.

2 Write. Answer the questions. Then discuss in a group.

1. Which are more important, electric lights or cell phones? Why?

_____

2. Why is life easier if you have modern things such as microwaves and dishwashers?
