HOW TO CREATE A POSTER ABOUT HOBBIES AND SKILLS OR ABILITIES

As the following example shows, explain with some pictures which are your favourite hobbies and show your abilities!

	As you can see in this picture, I love dancing and I'm keen on it.	Physical activity is my life! I really like playing basketball and I'm the best!!	
	I also like playing video games, I'm quite good, too!	However, I'm not keen on playing chess. I'm terrible!	
	Besides, I like painting, too. I think I'm good, too!	Talking about food, I really love cooking! I like sharing everything with my family and friends. I can make a pizza, but I'm not able to prepare sushi.	
	I like books, too. One of my favourite hobbies is reading! I love sci-fi and detective novels!!	Finally, I love meeting my friends, too. We can hang around or even go to the cinema or the shopping centre.
