

# Everytime

Britney Spears

Notice/Forget me  
Take my heart/hand  
Why / Who are we  
Strangers/Lovers when  
Our love is weak/ strong?  
Why carry on without/ separate me?  
And every day/time I try to fly I fall  
Without my feathers /wings  
I feel so short/ small  
I guess I need you baby/honey  
And every time I watch /see  
You in my head /dreams  
I see your face/body  
It's following/haunting me  
I guess I need/ feel you baby  
I make- trust/believe  
That you are here/there  
It's the only road /way  
That I see bad /clear  
What have I done/made?  
You seem to move on hard/easy

And every time I try to fly I /fall  
Without my dreams/wings  
I feel so tall/small  
I guess I need you dear /baby  
And every time I look/see  
You in my dreams/ heart  
I see your picture /face  
You're kissing/haunting me  
I guess I want/need you baby  
I may have made it snow/rain  
Please trust/forgive me  
My weakness caused you love/pain  
And this song's my sadness/sorry  
At night/noon I pray  
That soon your photo /face will fade away  
And every time I try to go /fly I fall  
Without my dreams/wings  
I feel so small/tiny  
I guess I need you honey/baby  
And every day/time I see  
You in my dreams/ head  
I see your eyes/face  
You're haunting /hugging me  
I guess I love /need you baby
