A GHOST STORY

One winter, I stayed at my grandparents' house during the school holidays. I never liked going there. I loved my grandparents, but hated the house. It was big and very old and there were always a lot of strange noises, especially at night.

One night, I was in bed, listening to the wind outside when suddenly there was a big bang at the window, like someone wanted to break it. I was so frightened I couldn't move. I shouted, 'Grandma! Grandpa!' but they didn't hear me. An hour later the same thing happened Bang! Bang! Bang! on the glass. This time, I got up and walked to the window. I was so scared, but I pulled back the curtain and saw... Snow! Then I saw the footprints. There were two sets of footprints, one coming to the window and another that disappeared into some trees near the house. I put my coat on and followed the marks in the snow. Under the trees, there was an old man with long white hair cutting wood with a sharp axe. He turned and looked at me, then he ran after me all the way to the house. I closed the door quickly just before he got there.

The next day, I told my grandparents and they laughed and said, 'Oh, Yasmin, you just met your great grandfather! He was a very unhappy man, who died in your bedroom. His ghost likes scaring people'
