

## 8.4 Uses of Water

**Walk This Way:** Making the right choices to reduce your water footprint

 = 1 GALLON PURCHASED OR THE WATER THAT YOU ACTUALLY USE.

 = 1 GALLON VIRTUAL USE: THE WATER THAT HELPED MAKE THE THINGS YOU USE.

1. Why do people use so much more water than they used to?

2. How is water used for agriculture? How can it be used better?

3. Why is it important to have water for fun and for the environmen
