

# COLLEGE COURSES

## INSTRUCTIONS:

The people below all want to do a college course. Below there are descriptions of eight colleges. Decide which college would be the most suitable for the following people.

1.

2.

Maria is 19 years old and wants to qualify as a doctor. She wants to attend an older college and it is important to her that the college also provides accommodation.

Henry is 20-year-old who would like to do management studies at a modern, city center. He is looking for a college that will offer him accommodation for his first year.

3.

4.

5.

Anna is a 25-year-old who wants to do a degree course in physics. She would like to attend a college with good sports facilities that is situated in a city center.

Philip is an 18-year-old who would like to prepare for a career in education. He is looking for a modern college in the countryside that offers good sports facilities.

Monica is a 30-year-old secretary who wants to study German part-time at college. She is looking for a college with sports facilities but doesn't need accommodation.

**A Beckford** This city college has many part-time students and is well-known for its courses in European languages and medicine. All courses last four years instead of the normal three. There is no college accommodation but there are good sports facilities, including a recently built swimming pool.

**B Hartfield** The college, founded in 1798, is situated in beautiful countryside. It offers a range of full and part-time courses and is well-known for its courses in education, languages and physics. There are no sports facilities but accommodation is available for all new students.

**C Alton** This is a new college in the city center. There are no sports facilities but accommodation is provided **ON SITE AND IS AVAILABLE FOR ALL NEW STUDENTS**. There is a big business school here, offering various management courses, and also a recently built languages department. All courses are full-time.

**D Kingston** The college, which dates from the seventeenth century, is three minutes from the city center. There are no sports facilities on the site, but almost 1,000 students flats are provided by the college. The courses in medicine, physics and management studies are popular with students and are available on a full or part-time basis.

**E Gorton** This traditional old college is in beautiful countryside on the west coast and is popular for its wide range of sports facilities. It is well-known for its courses in management studies and science. Most courses are available on a full or part-time basis. All full-time students live on site.

**F Middleton** The college is in the very heart of the city. There is no student accommodation but the college offers an excellent, newly built sports center. There is a full range of science courses, as well as courses in education and business. All courses are full-time and last three to four years.

**G Hampton** This modern college, in the center of the city, offers both full and part-time courses. Its courses in modern languages and medicine are very popular. There are no sports facilities on the site but over 700 student rooms are available and all first-year students qualify for accommodation.

**H Langford** This college, which was built in the 1990s is situated in beautiful green fields, five kilometers from Hebden village. It has a large sports center and offers comfortable student accommodation. It is a popular college, particularly for its teacher training and business courses.
