HYBRID SPORT

Hybrid Sports

Take two sports and put them together. What have you got? A new sport! There are a lot of these new sports – or 'hybrid' sports – around the world. For example, if you're into football, why don't you try one of these?

Footgolf

Footgolf is a hybrid of football and golf. You play it on a special golf course or a park. The rules are not very difficult. It's similar to golf, but you use a football. The players don't hit the ball; they kick it. Footgolfers say the best thing about their sport is that you don't need a lot of money to play – all you need is a football and a place to play.

Footvolley

Octavio de Moraes invented footvolley in 1965. He wanted to play football with his friends on Copacabana beach, but in Brazil there was a rule: no football games on the beach. So Octavio and his friends invented a new game: footvolley.
