

Pulse Pg 106

Exe 1. Read the questions and drag questions in the correct column which is about the topic of the questions .

For example :

Question : What do you normally eat for breakfast.

The topic is : **Daily Routine**

Free time	Daily routine

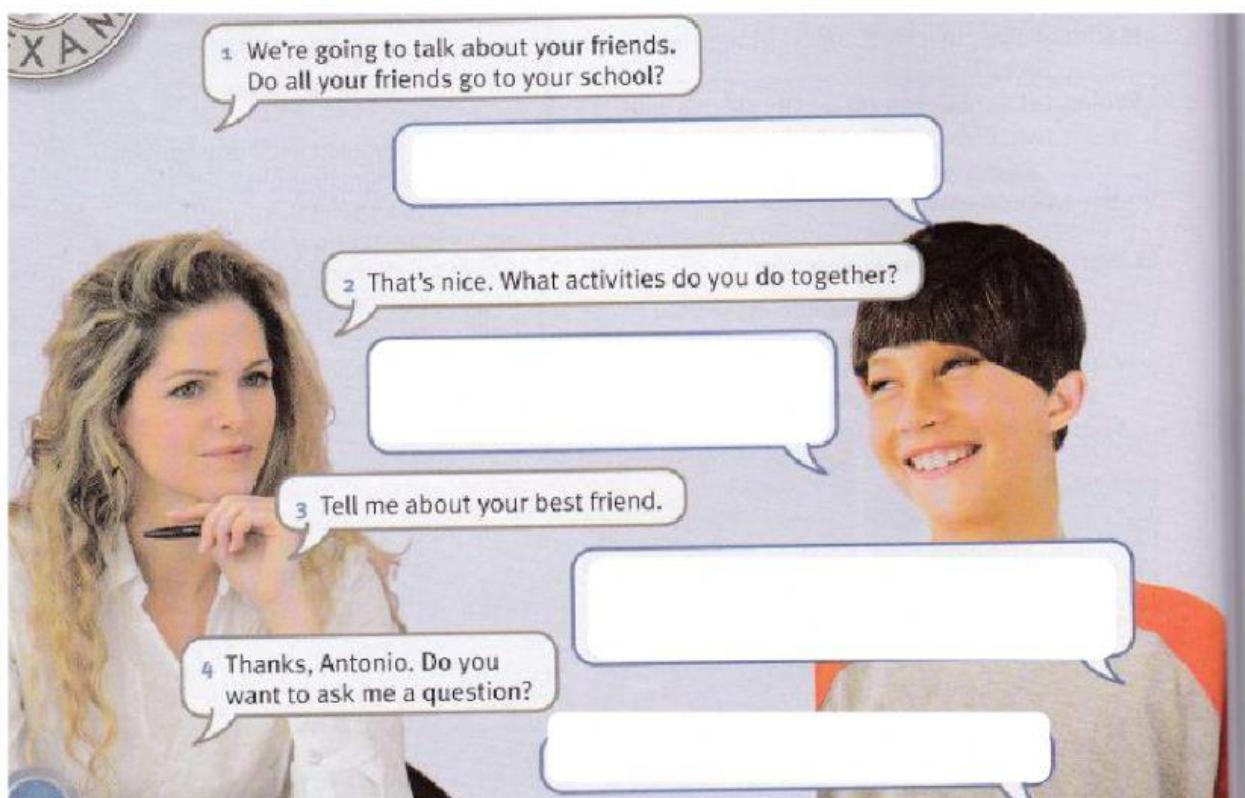

Work	Travel

Environmental	Education

People	Health

Would you be interested in studying many languages?	What could you do to make this world a better and cleaner place to live in?
What is your current English teacher like?	Which is your favourite city that you have visited?
When was the last time you played football?	What time do you normally get up in the morning?
Which job would you most like to do in the future?	Do you ever listen to music while you are relaxing?

Exe 2. Match the answers to the questions which are asked by the teacher to Antonio

Yes, I do. Do all your friends live near you?

We often play football and basketball.
At the weekend, we sometimes go to
the cinema or the youth club.

My best friend's name is Javi. He's 13 years old
and he goes to my school. He's tall and he's
got brown hair. He loves playing football.

No, they don't. Some of my friends go to my
school, but some of them are my neighbours.

Exe 3: From the dialogue between the teacher and Antonio, How many sentences do Antonio us to
describe his best friend ? Write the number 3 or 4 in the box .

Exe. 4. Read the dialogue between the teacher and António again. Look at António's answers. How does António make his answers interesting? For each question, write the A/B in the given boxes.

1
