Homework 9/14/21

Reading Homework:

Jacob was spending two weeks of his summer vacation at his great aunt's house. His Aunt Emery lived in a farmhouse that was over 100 years old! Even though the house was really old, it didn't look shabby at all. Jacob's aunt took pride in keeping her house looking new and tidy.

One afternoon Jacob was bored and decided he would explore the house from top to bottom. He decided to start in the basement. Jacob got a flashlight and descended the stairs to the dark basement below the kitchen. He felt a little bit scared but was relieved once he found the light switch.

The basement was covered with many interesting boxes, crates, and trunks. Even with all of the containers, the basement still looked tidy like the rest of Aunt Emery's house. The boxes were stacked in a neat pile and labeled.
