### Time for school

It is autumn. It is September.

I am so happy. We are in the second grade.

I have got a new bag and a pencil case this year.

My bag is big and green. My pencil case is long and purple. I also have got six crayons.

I have got four books and many pencils. I have got one long blue ruler too.

My mummy gives me one lovely pink rubber and a tasty sandwich. I like it very much.
