

BRITANNIA ENGLISH CENTRE  
SECOND TERM TEST  
4TH YEAR

1) **READING COMPREHENSION.**

Read the article. Drag and drop the option to answer the questions.

**Don't ask me!**

A survey of 2,000 parents has discovered that two thirds of them are unable to answer their children's questions about science. See if you can match the ten most common questions with their answers below.

- |   |          |
|---|----------|
| 1 Why is the moon sometimes out in the day? | <u>E</u> |
| 2 Why is the sky blue?                      | —        |
| 3 Will we ever discover aliens?             | —        |
| 4 How much does the Earth weigh?            | —        |
| 5 How do aeroplanes stay in the air?        | —        |
| 6 Why is water wet?                         | —        |
| 7 How do I do long division?                | —        |
| 8 Where do birds and bees go in winter?     | —        |
| 9 What makes a rainbow?                     | —        |
| 10 Why are there different times on Earth?  | —        |

- A Bees stop flying and birds stay together in groups or migrate.
- B People decided to have 'time zones' so that it would be light during the day everywhere on Earth. If there weren't time zones, some people would have midday in the middle of the night!
- C The Earth weighs 6,000,000,000,000,000,000,000,000kg.
- D Because of their chemistry, some liquids can be absorbed by solid things.
- E The moon can be lit up by the sun, depending on where it is in the sky. If it reflects the sun's rays, we can see it, even during the day. It all depends on its angle towards the Earth.
- F Multiply the single numbers and the tens separately, then add them together.
- G Sunlight arrives on Earth in every colour, but it hits particles in our air that 'shine' blue.
- H Planes have special wings which push air down. This pushing action is stronger than gravity, and so the plane goes up in the air.
- I Sunlight going through water drops in the air 'separates' into all the colours.
- J No one knows.

## **GRAMMAR**

2) Choose the correct option.

1 Who \_\_\_\_\_ you that strange story?

A did tell ■ B told ■ C did you tell ■
