

The positions and terms for a sequence have got mixed up.

**a** Draw lines to match the terms to their positions.

5                  2                  7                  1                  6                  4                  8                  3

150              300              200              350              100              250              400              50

**c** What is the value of the term in the 10th position?
