Unit 3. Test 7

Listen to the audio "Child safety" and fill the gaps:

An international police (1)]_____ has shut down the largest Internet paedophile ring (2)_____ discovered. Police officers rescued 60 children in Britain and a (3) _____ 170 in Australia, Canada, New Zealand, and the US. The team was (4)_____ by Britain's Child Exploitation and Online Protection Centre (CEOP). The operation leader, UK police chief Peter Davies, said: "In the UK alone 60 children have been (5)]_____ and a 121 offenders arrested of which there have been 33 convictions. Investigations (6)_____ the world continue." The arrests have come after three years of surveillance and monitoring of suspected paedophiles. Mr Davies said the network was (7)_____ in the Netherlands and had 70,000 (8)_____
The head of Europol Rob Wainright (9) _____ the arrests a "spectacular international police success". He had a message for paedophiles: "If you think you can use the Internet to (10) _____ children you are wrong," he said. He added: "We will not (11) _____these offenders to carry on committing these (12)_____ crimes against young children. We will not rest until we have identified every offender that has been active in this network and others that might be (13) _____ on the Internet." The police forces uncovered the ring by using officers to infiltrate the site to (14) _____ the most (15)_____ members. One of the early breakthroughs was in 2008 when two British men were (16)_____ uploading images in Thailand.
