My Best Friend

Sara is my best friend. We have been friends for two years. We live around the street from each other. Sara loves to play ball with me. She does not like the cold. Before we go to the park Sara and I eat at home. At the park we jump on the slide and swing. I would ask her "Can we buy both candy and soda later"? she would always say Yes! I love my best friend because she is nice to me.
