

Topic: A CLEAN AND HEALTHY BODY

Sub-topic: Caring for your body and sense organs

1. Select the things to do to care for the body.

Get lots of exercise	Stay up until late at night	Keeping the body clean	Taking care of the eyes
Brush teeth regularly	Let the nose dirty without wiping it with tissue.	Taking care of the ears and nose	Get enough sleep

2. Join the correct statements to the correct picture.

Comb hair and wash it regularly.

Do not eat food that has dropped on the ground.

Wear clean clothes, underwear and socks every day.

Do not share personal items with others.
