Unit 1

Speaking Strategy

Comparing	Contrasting
You're outgoing? So am I!.	You're shy? Not me! I'm not shy at all.
Just like you, I'm self-confident.	Unlike you, I'm optimistic.
We're alike because we're both patient.	I'm determined, but you're just stubborn!

Listen. How do the speakers compare and contrast their brothers? write the words and phrases you hear.

Pepe: My little brother Javi is really something else!

Ana: Oh yeah? What makes you say that?

Pepe: Well, _____ me, he loves to sing and perform in front of other people. He's not _____ at all!

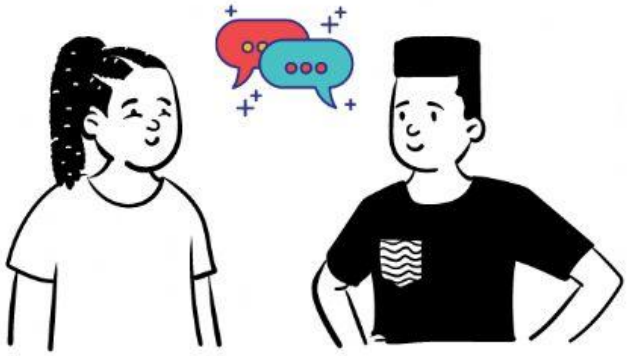

Ana: But you're a good singer, too.

Pepe: Yes, it's true. We're both good singers. But _____ him, I like to sing when I'm by myself. I'm too _____!

Ana: I completely understand. My little brother is also very _____ and _____. But, I'm not _____ at all! _____ him, I prefer to spend time with just one or two friends. He loves to be part of a crowd.

Pepe: It's funny how our little brothers are _____, isn't it?

Ana: Yes, it is.
