## Drag the name to the correct icon

Underline    Font size    Bold    Italic

Alignment    Font    Font color

### What kind of alignment of the selected text is it?

Align Left    Align Right    Align Center    **Align Justify**

### Which alignment was applied to change from (1) to (2)?

Video provides a powerful way to help you prove your point. When you click Online Video, you can paste in the embed code for the video you want to add. You can also type a keyword to search online for the video that best fits your document.

To make your document look professionally produced, Word provides header, footer, cover page, and text box designs that complement each other. For example, you can add a matching cover page, header, and sidebar. Click Insert and then choose the elements you want from the different galleries.

Themes and styles also help keep your document coordinated. When you click Design and choose a new Theme, the pictures, charts, and SmartArt graphics change to match your new theme. When you apply styles, your headings change to match the new theme.
