Keeping Fit

Why is it important to keep fit and healthy?

We need to be active. We need to run and play. Sitting in front of the TV or computer makes us lazy. If we do not move around, we won't have much energy. We will get tired. Being active is important. Being active keeps us healthy.

People who are active are healthy.
When you are healthy, you are
happier.

Comprehension questions:

Choose the correct answer.

1. What should we do to keep fit and healthy?
2. What activities should we do?
3. What happens if we sit in front of a TV or computer?
4. What will happen if we are active?

Thank you for attending class!
Take care and stay safe.
