

Mary and Kerry are students of Merlie Grove Primary school. Today was a special day at school. They got the chance to dress up in their traditional outfits and eat foods that are popular in their country. They also saw different presentations about the history of their community. Culture is \_\_\_\_\_

Family reunions, christmas dinners and other family “get togethers” are examples of places in which culture can be \_\_\_\_\_ as ways of preparing meals, dances and special songs are taught to the younger generation. This is an example of culture is \_\_\_\_\_

We have learnt several aspects of our culture from our ancestors and as humans we will pass this on to the future generations. This is because culture is \_\_\_\_\_. It is important to note that every generation adds to the current culture as culture is \_\_\_\_\_, this also means that with every generation a new ways of doing thing takes place because culture is constantly \_\_\_\_\_.

Humans cannot exist without culture as culture is \_\_\_\_\_ that means that every thing that we do and believe including our religion is based on our culture.

Every country, ethnic group or tribe has different ways of completing specific tasks or performing certain rituals. This is because culture \_\_\_\_\_ from society to society. People use their culture to satisfy their basic needs because culture is \_\_\_\_\_. When these basic needs are not being met, the culture changes because culture is responsive.
