- 1 One of the masterpieces of classical literature, the "Histories"
2 describes how a small and quarrelsome band of Greek city states
3 united to repel the might of the Persian empire. But while this
4 epic struggle forms the core of his work, Herodotus' natural curiosity
5 frequently gives rise to colorful digressions – a description of the
6 natural wonders of Egypt; an account of European lake-dwellers; and
7 far-fetched accounts of dog-headed men and gold-digging ants.
8 With its kaleidoscopic blend of fact and legend, the "Histories"
9 offers a compelling Greek view of the world of the fifth century BC.
