

Addition with Number bonds

Name..... Grade..... Room

3 digit and 1 digit numbers Addition

1. $247 + 8 = \square$

How to think

$$8 + \dots = 10$$

Backward counting

247, 246,

How to think

5 + = 10

Backward counting

177, 176,,,

3 digit and 2 digit numbers Addition

1. $247 + 80 = \boxed{}$

How to think

$80 + \dots = 100$

Backward skip counting 10

247, 237,

2. $174 + 82 = \boxed{}$

How to think

$82 = \dots + 2$

Backward skip counting 10

174,,

3.(a) 549 + 70 =

(b) 762 + 55 =

Self Assessment

☐ I understand and I can do easily.

Yes / No

☐ I understand but I can do just right.

Yes / No

☐ I understand but I need to think slowly.

Yes / No

☐ I feel confused.

Yes / No

☐ I don't understand. I feel difficult.

Yes / No
