Cloudy Day

Clarita's alarm clock went off at seven o'clock. Clarita saw grey clouds above the cliff outside her window. Clarita went to the library but it was closed. Clarita went home instead to clean the house. Clarita washed some dirty clothes. It was a tiring day so it's time to watch television with two clowns clapping together.

1. What time did Clarita wake up?

2. What did Clarita see outside her window?

3. What did Clarita watch?
