READING & VOCABULARY

Visiting this place is a life-changing experience. If you are in this part of the world, you must include it in your itinerary. To get here is difficult, but ultimately rewarding. It involves four days of cold, pain, and exhaustion. But when the mist lifts to reveal the emerald peaks and terraced ruins of this ancient place, I promise you will forget all the hardship. The best time to visit is May through September. Although this is the busiest time, it is also the driest. Believe me, this is not a place you want to visit in the rainy season. You'll need to take strong walking boots and a torch with spare batteries. If you want to join an organized tour, you'll also need to make your reservation many months in advance, as it is a very popular destination.

Are these sentences true or false?
