Sumamos y restamos

Docentes primer grado

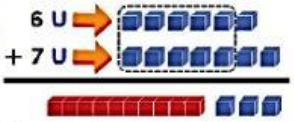

Para sumar 56+37 primero sumamos las unidades.

Fíjate lo que pasa cuando sumamos 6U+7U.

		D	U	
		(1)		
		5	6	
	+	3	7	
		9	3	

RECUERDA

10 U = 1 D

Colocamos 3U en la columna de las unidades y sumamos 1D con las decenas.

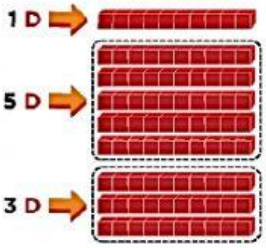

Obtenemos 13U, que es lo mismo que 1D 3U.

Queda por sumar 1D+5D+3D, que son 9D.

Colocamos esas 9D en la columna de las decenas y ya hemos terminado.
