Productos notables

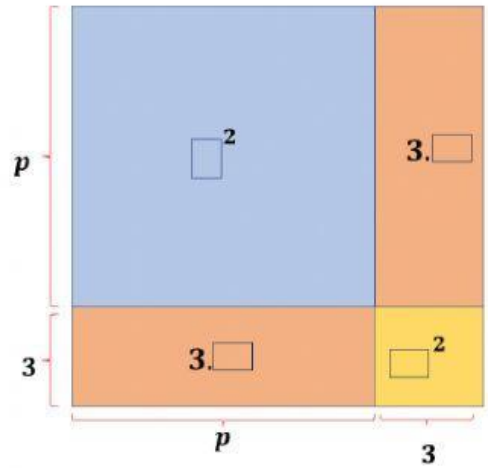

Analizamos la siguiente figura:

$$(m+n)^2 = m^2 + mn + mn + n^2$$

$$(m+n)^2 = m^2 + 2mn + n^2$$

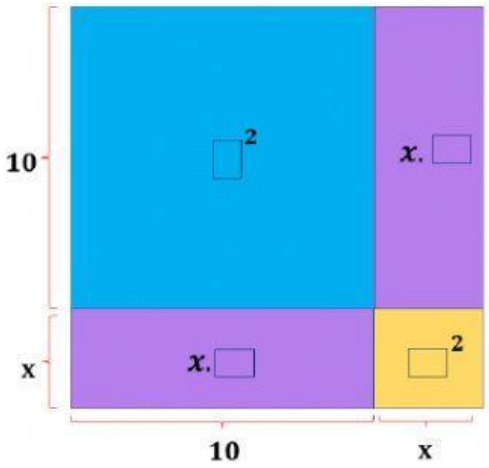

Completa los espacios en blanco

$$(p+3)^2 = \square^2 + 3\square + 3\square + \square^2$$

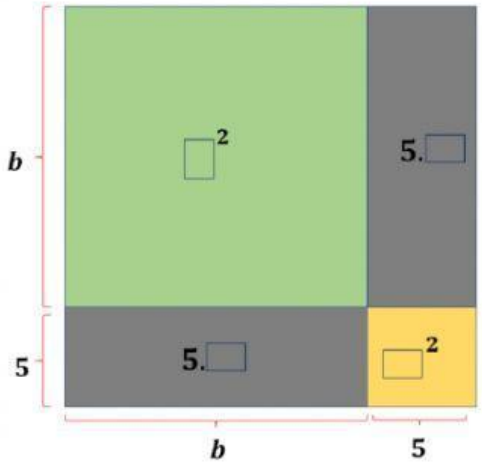

$$= \square^2 + \square\ + \square$$

LIVEWORKSHEETS

$(10 + x)^2 = \square^2 + 10\square + 10\square + \square^2$

$= \square + \square + \square^2$

$(b + 5)^2 = \square^2 + 5\square + 5\square + \square^2$

$= \square^2 + \square + \square$
