STUDY TIPS TO IMPROVE YOUR LEARNING

Make Your Own Study Notes -Underlining - Mind Mapping

Tip 1:_____

It is one of the simplest and best-known study tips. It's easy to highlight the most significant parts of what you're reading while omitting the irrelevant ones. You should use a highlighter to identify the irreplaceable aspects only after you read for the second time and mark only one key sentence per paragraph hand a few important phrases here and there. You can only retain a certain amount so it's best to retain the most important information.

Tip 2:_____

Essentially the aim of note-taking is to summarize lectures or articles in your own words so that you can easily remember the ideas. In most cases, the key is to summarize the content as quickly as possible while not leaving out any key information.

Tip 3: _____

A good mind map can save you many hours of study and organize information for your exams.
Mind maps can be used for brainstorming, writing essays or study topics and for general exam preparation.
