NAS BASED COMPREHENSIONS

1. Read the poem given below and answer the questions that follow by selecting the most appropriate option.

The sun descending in the west,
The evening star does shine;
The birds are silent in their nest.
And I must seek for mine.

The moon, like a flower
In heaven's high bower,
With silent delight
Sits and smiles on the night.

Farewell, green fields and happy grove,
Where flocks have took delight:
Where lambs have nibbled, silent move
The feet of angels bright;

Unseen they pour blessing
And joy without ceasing
On each bud and blossom,
And each sleeping bosom.

They look in every thoughtless nest
Where birds are covered warm;
They visit caves of every beast,
To keep them all from harm:

If they see any weeping
That should have been sleeping,
They pour sleep on their head,
And sit down by their bed.

Now moral education is not included in any syllabus whether of science or humanities. But our ancient universities of Nalanda and Takshila focussed on imparting moral education to the students. Teachers laid emphasis on the need to become a perfect human being. Educationists opine that morality cannot be taught as a subject in any educational institution. It is something which child learns from its parents and family. As our country is a secular country, it is not possible to include religion as a syllabus in schools or colleges.

Moral education can be given through value education curriculum by all boards and universities. At school level, the syllabus should include folk tales, stories of patriotism, biographies of great men, poems, parables providing valuable lessons for the student. At university level the University Grants Commission has introduced a scheme of value education among students. Imparting human values to the students is the need of the hour.

No individual can become a greatman without character. All great men like Gandhiji, Vivekananda, Subhash Chandra Bose and Abraham Lincoln were the men of strong and noble character. A nation cannot make progress if it has lost its character. Thus introduction of moral education from grassroots to university level is very necessary.
