PERIMETER : MISSING SIDES OF A RECTANGLE

Find the missing length or width (breadth) of the figure using its given perimeter.

Example

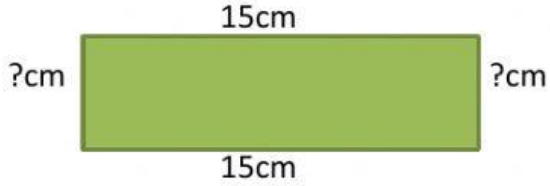

Perimeter = 12cm

Half of 12cm is 6cm.

Length = 4cm

Width = 6cm - 4cm = 2cm

Try these

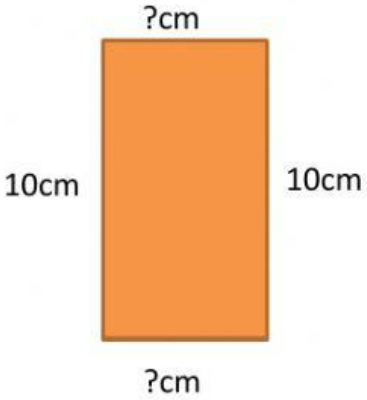

Perimeter = 40cm

Half of ☐ **is** ☐

Length = ☐

Width = ☐ **-** ☐ **=** ☐

LIVEWORKSHEETS

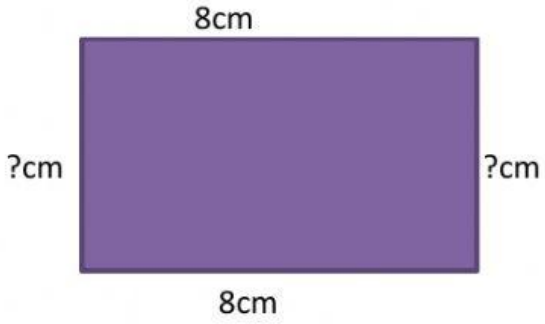

Perimeter = 38cm

Half of ☐ **is** ☐

Width = ☐

Length = ☐ **-** ☐ **=** ☐

Perimeter = 24cm

Half of ☐ **is** ☐

Length = ☐

Width = ☐ **-** ☐ **=** ☐
