

Adjust Numbers to Add

Name _____

Adjust addition and subtraction equation numbers to numbers that are easier to work with.

Adjust Addition Equations

$$316 + 208 = ?$$

$$\begin{array}{r} \\ \downarrow \\ -2 \end{array} \quad \begin{array}{r} \\ \downarrow \\ +2 \end{array}$$
$$\begin{array}{r} \\ \downarrow \\ 314 \end{array} \quad \begin{array}{r} \\ \downarrow \\ 210 \end{array}$$
$$314 + 210 = 524$$

Adjust both numbers to keep the sum or difference the same as the original.

Adjust each addition equation and find the sum.

1. $367 + 154$

$$\begin{array}{r} \boxed{3} \quad \boxed{6} \\ \downarrow \quad \downarrow \\ \boxed{3} \quad + \quad \boxed{1} = \boxed{4} \end{array}$$

2. $543 + 208$

$$\begin{array}{r} \boxed{5} \quad \boxed{4} \\ \downarrow \quad \downarrow \\ \boxed{5} \quad + \quad \boxed{2} = \boxed{7} \end{array}$$
