

## YEAR 4

### CHANGING STATES OF WATER IN EVERYDAY LIFE THE WATER CYCLE

#### CHANGING STATES OF WATER IN EVERYDAY LIFE

1. The **state** of water **changes** depending on their usage by the people in **everyday life**.
2. Some food is cooked when water is **boiled** and changes to **steam** and water vapour.

For example:

3. Water is **frozen** to make ice. The ice is used to keep our food, such as seafood, **fresh**.

For example:

4. When we dry our clothes outside, the heat from the [redacted] causes the water in the clothes to [redacted].

For example:

### THE WATER CYCLE

1. The process of water cycle is when [redacted] moves from the [redacted] of the Earth, into the air and back to [redacted] again in a cycle.

2.
