Directions: Read the passage and answer the questions.

The sea is a wonderful place. Some people enjoy water sports like swimming or diving. Other people like sea animals like fish or turtles. My name is Salem. Our science teacher asked us to make a short video project about sea animals and fish. I went with my father and sister to the beach to make my video. I started by taking pictures of the blue sea and the yellow sand. I also took pictures of some sea animals.

I found a puffer fish, which had very sharp teeth. We saw some turtles with beautiful shells on the beach. They were digging holes to lay their eggs. My father told me that there are very big sea animals that we do not see always near the beach; like the whale shark, which is the largest shark. He also told me that there are very small sea animals that we cannot see with our eyes. I finished the project and gave it to my science teacher who was very happy with it.
