

Cuenta de 2 en 2

The diagram illustrates a sequence of numbers arranged in four rows. Each row consists of a starting number, a series of empty boxes, and an ending number. Arrows indicate the direction of the sequence.

- Row 1: Starts with 2, followed by 7 empty boxes, and ends with 18. Arrows point from left to right.
- Row 2: Starts with 36, followed by 7 empty boxes, and ends with 20. Arrows point from right to left.
- Row 3: Starts with 38, followed by 7 empty boxes, and ends with 54. Arrows point from left to right.
- Row 4: Starts with 68, followed by 5 empty boxes, and ends with 56. Arrows point from right to left.
