VII. Read the passage and complete the task that follow.

In our modern life, we can watch television or surf the Internet to find out about what is happening around the world but our neighborhood can be a place we never really know. A survey has been conducted to find out some people's thought of talking with their neighbors. Here came the results:

A.

We had been living here for five years and had never really got to know our neighbors. Then a tremendous hurricane came and crashed our house. Our neighbors came round to offer us food and help. When finally recovering, we still lived in the same neighborhood and never spoke to our neighbors. I don't know why.

B.

My neighbor went to work on the same route with me. I passed over her every morning when walking to work but never said hello. One morning I said "hello", then a "good morning" and a friendly smile were exchanged between us for the next week. But then, she changed her way to work. I feel that some neighbors may prefer being left undisturbed.

C.

I think it's very nice to come up and talk with your neighbors. Take me as an example. I commute to work every day by bus. One day, I saw Harry on the station platform. We exchanged nods and smiles and eventually he came up to me and said hello. He told me that he had been my new neighbor for three weeks but I didn't even know. We started chatting since then and got to know each other better. Then, guess what? We are now engaged and are getting married next year.

Write the letter A, B or C that indicates the person next to their description/ opinion below.

1. _____ suffered from a natural disaster.
2. _____ is in a relationship with one of her neighbors.
3. _____ thinks that some people may find talking with neighbors annoying
4. _____ once went to work on the same route with her neighbor.
5. _____ thinks positively about talking with neighbors.
6. _____ walks to work.
7. _____ got help from the neighbors.
8. _____ uses public transportation to work.
