

Name

[illegible]

1. What is it? Look and write.

bike

car

plane

doll

kite

ball

house

robot

1

It's a bike.

2

It's a

3

It's a

4

It's a

5

A blank sheet of graph paper with a grid pattern. The grid consists of small squares formed by thin grey lines. There are two prominent horizontal red lines running across the page, one near the top and one near the bottom, which divide the page into three main sections. The central section between the red lines contains the majority of the grid.
